Advantage series

General Doors is excited to add the color Black to one of the most popular garage doors on the market.

- Sandwich-type construction with 1-3/8" polystyrene insulation, pressure bonded between two skins of 26 gauge G60 steel
- Steel is rust-proofed with hot-dipped galvanizing, pre-painted on both sides with a primer, and finished with a top coat of baked on polyester for an exterior paint thickness of 1.0 mil
- Three layer construction provides a calculated insulation value of R-6.7, along with exceptional strength and a substantial, solid feel during operation
- Finely detailed woodgrain surface with deeply embossed panels for a sharp, well-designed appearance
- Double Tongue and Groove section joint for the tightest section fit possible
